While we are grappling with the medical and economic consequences of this crisis, we can literally invest in our local economy by buying gift certificates from local businesses. Operation Gift Certificate provides revenue to businesses impacted while allowing us to stop the spread of coronavirus. Buy a gift certificate from a local business today which will help them survive this unprecedented challenge. Then you can enjoy what the local business has to offer when we have finally defeated the coronavirus. If you want your local business to participate in Operation Gift Certificate, email your business name, address, website, hours, how you want to be contacted (phone and/or email) and take out/delivery options to: [kieran@LalorLawFirm.com](mailto:kieran@LalorLawFirm.com)  
Our list is growing but we hope to get as many local businesses as possible to participate.
