

Business for Banners

In the Spring 2002, the Wappingers Falls Business & Professional Association initiated our first **Business for Banners** program as a means of expressing our renewed spirit of patriotism following the events of 9/11/01. The response from our membership was overwhelming. These original banners were displayed in our Village for over 8 years for community members and visitors to enjoy. In 2010, the time had come to retire these banners and refresh our community spirit with a new series of designs. The new banner program is a series of 8 scenes* from the *Our Village* coloring book created by local artist Theresa Morgan. Each Banner highlights a particular building or scene from the Village. Banners can be purchased at a cost of \$150.00 and sponsors names imprinted along with the chosen design. The banners are displayed throughout the Village from late Spring until late Fall. Business Association members have their banners maintained and remounted yearly at no additional cost. Non-members are billed \$100.00 yearly.
